

- 21** Senior Scientists
- 4** Scientists
- 2** Cross-Appointed Scientists
- 2** Senior Scientist Emeritus
- 1** Associate Scientist-Track Investigator
- 1** Transition-Clinician Scientist
- 1** Adjunct Scientist

Over
250
Staff and Trainees

- Undergrad Students
- Graduate Students
- Research Fellows
- Research Associates
- Technicians
- Administrative Staff

Cell Biology Program

Understanding how cells function at the molecular level in health and disease

38.7%
Average Success Rate
of CIHR Operating Grants

- 5** Canada Research Chairs
- 3** Endowed Chairs at SickKids
- 1** Endowed Chair at University of Toronto

Funding

- Arthritis Society
- Banting & Best Diabetes Centre
- Canadian Association of Gastroenterology
- Canadian Institutes of Health Research
- Cystic Fibrosis Canada
- Canadian Cancer Society
- National Institutes of Health
- The Brain Tumor Society
- The Terry Fox Foundation

Diseases Studied

- Arthritis & Rheumatic Disease
- Cancer
- Crohn's & Colitis, IBD
- Cystic Fibrosis
- Diabetes
- Infectious Disease
- Kidney Disease
- Liver Disease
- Rare Diseases
- Zellweger Spectrum Disorder
